## PRESIDENT'S PULSE

Happy 2021! I hope you are as excited about the new year as I am. It's great to be able to see 2020 in the rear-view mirror!

Obviously, I do realize that we are by no means out of the woods yet. Covid-19 remains a very real concern to us, but the vaccines now being introduced offer hope for better days ahead, and a return to more normal times. My son works at Mercy Hospital here in Fort Smith, and recently got his first dose of the vaccine, somewhat lowering my level of concern for him. I hope all of us are able to get our shots soon, and that we as a country can begin to develop the herd immunity that will help keep our entire country protected.

It's hard to believe that it's been almost a year since we were able to gather face to face for a meeting. We're still a few months away from a regular meeting, but I think we'll be there by summer. I've missed seeing so many of you, and hope all of you feel the same way.

I want to put a small challenge in front of you. What should our first meeting in a year (or more!) look like? I think we need a real celebration! Give that some thought, and send your ideas to Jan, Rita, or me.

Targeted production for the 2020 Corvette was a hair over 20,000 cars. Looks like final numbers will fall a bit short of that. Customers who did not get their order filled will be offered a 2021.

Pricing of the base car remains the same, but some options will cost more. The nose lift option (lifts the nose two inches to clear speed bumps, etc. will go up by \$500. I'm frankly surprised to see that one is an option, given how low the new car sits!

I also saw an article about a guy in Phoenix being stopped for doing 155 MPH on I-10. Looks like it was a C7, from what I could see in the picture. 155 MPH! I can only imagine cost of that ticket!

Happy new year to all, and let's get ready to get things going again in 2021!

## CORVETTES FOR SALE:

In the past I have sent several e-mails to the membership about Vettes for sale. Since space is too limited to list each one in the newsletter, I will continue to do this as separate mailings to members

Members,

[Wondering where to go to get that Vette serviced or worked on????????? Many of our members are very knowledgeable about where to go and where not to go. If you need help with any type of Vette repair or service, please contact another member or just ask at the next meeting.](#)

Members wanting to place articles or information into the Newsletter need to e-mail Jan at [vettejbs@cox.net](mailto:vettejbs@cox.net) by the first Monday of each month in order to meet the Newsletter time schedule.
